To be honest, I enjoyed this book a lot more than I thought I would. My favourite part was when [REDACTED]. I really liked this book because the troll [REDACTED] and it was quite an unexpected turn of events.

I think the author did a really good job describing the characters and setting the scene of the story. I was easily able to clearly picture the characters, action and setting in my mind.

I liked the book because it had an interesting plot and I wanted to keep reading it so I could find out what happened next.

I can recommend this book for readers who enjoy mysteries, adventures, fantasy and stories about friendship. I think this would be a great story for readers over the age of 7.

I think that the story was very imaginative in that it had an unusual plot twist and unlikely friends.
