

# LET'S GO CAMPING

Whether you're going camping for real life or not, you can create a Bluey camping scene with these 3D characters and activity ideas!

## ACTIVITY 1: 3D CHARACTERS

## ACTIVITY 2: MAKE A TENT

Build a tent for your characters to sleep in at night.

### YOU WILL need:

- Sticks to create the support for the tent – four short sticks and one longer stick would work best
- Wool or twine to tie the sticks together
- A piece of paper or fabric for the tent covering
- Leaves and other things from nature for the camping scene

### STEP 1:

Hold two of the short sticks together, like two sides of a triangle. With twine or ribbon, tie the sticks together.

### STEP 2:

Do the same to the other two short sticks.

### STEP 3:

Place the longer stick between the two points of the incomplete triangles you've made. Tie the long stick into place. This structure will be the base of your tent.

### STEP 4:

Using a square piece of material, drape it over the top of the tent structure to complete the shelter.

### STEP 5:

Place some leaves and other items in your camping scene and put the tent on top.
