Sissinghurst Castle Garden

WHERE Sissinghurst Castle, Kent, UK. **WHEN** May-June when the garden is at its best. **SIZE** 400m x 200m

It is not that long ago that the garden was a simple, unpretentious affair. In 1930, Vita Sackwell-Bellew and Harold Nicolson bought the castle and its grounds. Together they worked tirelessly to restore their vision of a party English country garden. The result? A carefully tended garden of 'beauty', each flowering with colour and beauty.

The garden at Sissinghurst has all the elements of a party garden: a mix of formal and informal planting, a mix of old and new, a mix of traditional and modern. It is a garden that has inspired millions of people around the world. It is a garden that has been a source of inspiration for many gardeners. It is a garden that has been a source of joy for many people.

WHEN IS MORE
The garden is at its best in May and June when the flowers are in full bloom. The garden is also beautiful in autumn when the leaves are turning. The garden is also beautiful in winter when the snow is on the ground.
